## ALPOLIC™ Colors for Revit Material Library has been published

Mitsubishi Chemical Infratec Co., Ltd.  
Advanced Materials Business Unit

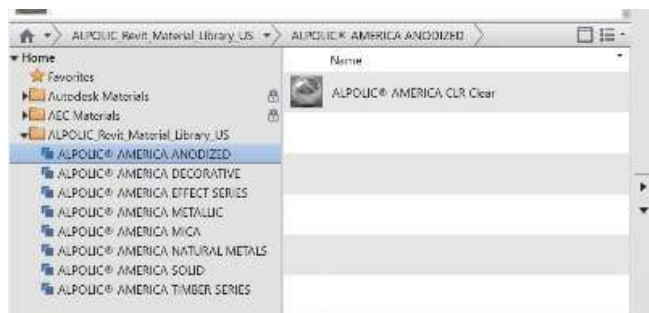

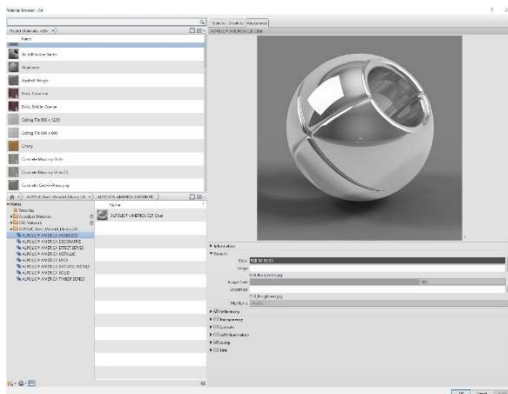

Mitsubishi Chemical Infratec Co., Ltd., the global leader of aluminum and metal composite material manufacturing, has published the ALPOLIC™ color data for Revit Material Library. ALPOLIC™ has been globally used for the architectural building facades and other applications. The Revit Material Library can be downloaded at the ALPOLIC™ products page at BIMobject®. You also be able to download ALPOLIC™ Design Simulator which has launched in January 2021. If you have any questions, please access <https://www.alpolic.com/index.php>.
